

Adding a Packet to a Student

While on Program Central, users can add a new packet.

To add a packet:

- Click +Packet
- Choose the appropriate on demand packet
 - The student's Program Status will determine what packets are available to add on demand. If you do not see the packet you are expecting to see, reference the state Packet Guide or contact empowER support for additional details.
- Choose the appropriate due date
- Click Add
- Click Back to return to Program Central without adding the packet
